

Notice to anyone who was in receipt of Medicaid on 3/18/2020:

The following is a message we have been asked to share by the New York State Department of Health:

Based on the federal legislation signed into law on Wednesday, March 18, 2020, no person who currently has Medicaid coverage will lose their coverage during this time of the COVID-19 pandemic. If you get a notice telling you that your Medicaid is discontinued after March 18, 2020, your coverage will be reinstated so there is no gap in coverage. If you have any questions, please contact our Agency at 518-295-8334 and ask to speak to someone in the Medicaid Unit.
