OES DAILY SITUATION REPORT – August 9, 2024  
 Current Activation Status: Level 4 – Steady State

**Current Incidents:**

- 8/09/24: NWS has issued a Hazardous Weather Outlook for our area. There is a marginal to slight risk for severe weather, including a few tornadoes, this afternoon into this evening as the remnant low of Debby tracks west of our region. Scattered strong to damaging winds are also possible.
- 8/09/24: NWS has issued a Flood Watch for our area through Saturday morning. Flooding caused by excessive rainfall continues to be possible. Excessive runoff may result in flooding of rivers, creeks, streams, and other low-lying and flood prone locations. Flooding may occur in poor drainage and urban areas.
- 7/8/24 - TBD: State Route 10 (Elm Street) Cobleskill, from SR-145 (North Grand Street) to Lincoln Ave; reduced to one lane for water line replacement and road reconstruction until further notice.
- 7/8/24: Cobleskill Reservoir Source Water Restoration Project has started with mobilization and deliveries of materials. Please be alert to workers, equipment and trucks along Greenbush Road near the Reservoir.
- 6/20/24: There is a Boil Water Order for the Trout Haven Lake Association until further notice due to a water main break. Please boil water before drinking and cooking.
- 6/18/24: Central Bridge Water District: Effective immediately, please refrain from watering lawns, gardens, washing vehicles, water slides, and watering pools. The Water Treatment Department is having a hard time keeping up with the water supply. Any questions, please call 518-231-5326.

Extended Forecast for
