Rural Awakening would like to add the following items to your list of recommendations/actions for the committee to consider. Thank you - Pat

Access to high quality mental health services for officers with departmental normalization of such service.

Clearer imperatives that require officers to both intervene when they see use of excessive force and the requirement to report use of excessive force.

Clearer imperative that body cams be turned on and operating at all times when force of any kind may be used.

Banning of chokeholds

Inclusion of the concept of the use of reasonable, proportional, and necessary force in Use of Force policies.

Adoption of a higher standard than "objective reasonableness" in use of force policies

Replacement of the concept of imminent danger with the use of imminent danger.

Patricia Hults
