

Message for Board of Supervisors - Chairman

Message:

Dear Mr. Federice and Town Supervisors, My name is Steve Whitesell and I am a citizen of Blenheim. I hope that the board of supervisors passes the Law Enforcement Review Committee plan, and institutes a Citizens Review Board that includes people from diverse backgrounds who are dedicated to effectively doing their task. I also hope that the Citizens Review Board is given real power to witness and respond to situations that may arise within the Schoharie County Police Department. Having a review board doesn't imply wrongdoing within the department or restrict any officers' actions, but merely provides accountability to county residents. Sincerely, Steve Whitesell
