Chairmen Federice,

I was pleased to attend the 9/15 meeting of the LE Review Comm. at the Public Safety Bldg. I had to leave quite early due to other obligations but, before leaving I provided a copy of my prepared remarks. Please share my remarks with the full committee.

The COVID-19 social distancing and mask requirements seriously restricts the potential for public attendance or comment. To encourage public participation a dedicated web page and/or a Facebook page would be helpful. Visitors to the county web page should see links to such comment venues. I imagine this would not be a difficult task for the county's IT person.

Lastly, this message is being sent to what apparently is your personal email address. It would be more appropriate for there to be an email address to serve the committee. Such a centralized communication point, in addition to the above mentioned facilities, could serve as an archive of public contributions to the committee's work.

Wayne Stinson

Thank you for your comments. I will consider them.

Also, this email address is dedicated to my duties as Supervisor and Chairman. I have two other separate emails for personal use.
