Hello Mr. Federice and Mr. Lape - I attended the initial meeting dealing with the review of policing in the county. While I very much appreciated the opportunity to listen to what was presented and give input, I was disconcerted that most of the board members did not wear masks during the meeting. Since proper Covid protection involves both social distancing and masks I am perplexed that masks were not worn by all. Because of my concern I tried to listen to the next meeting offered on Facebook. I gotta tell you, much of it was extremely difficult to hear and the visuals ended up simply a view of the initial outlines.

I'd like to attend the upcoming meeting for Oct. 6th in person and in light of the outbreak in the White House, I sincerely hope everyone will wear masks during the meeting. Can you reassure me this will occur? It seems a reasonable and fairly simple request that we follow both state regulations and the clear and strong recommendations of scientists. This does not need to be some political statement, but a recognition that we all care about each other and want to keep each other safe.

And, by the way, I attended the Village of Cobleskill open meeting on this topic and everyone was wearing masks all the time - even when speaking.

Thank you very much and again, I appreciate the time, effort, and thought being put into the process by the board members.

Bill,
I thought State regulations were if you maintained 6 foot spacing you were not required to wear a mask.
Can you help?
Thanks,
Steve
