Attached are changes Rural Awakening suggests to the new Use of Force and related policies. Just a clarification in reaction to the Times Journal article this week. Rural Awakening does not advocate no use of force by police, rather limits on some specific techniques.

Hi Pat. Would you and your group like to present and discuss your recommendations at Tuesday's meeting? I may have a few words at the beginning but for the most part it would be your meeting. Give me a call if you would like to discuss. 607-353-2110.

I think we'd like to give a presentation, but I'm not sure we can be ready by this Tuesday's meeting. Is there some flexibility with the specific meeting? - Pat

Would you be ready if we rescheduled a week later?

Partly the timing has to do with availability of our members. We have one member in a travel quarantine, she'll be out Dec. 24, and others more available after Christmas. How about the Dec. 29th meeting? I bet no one would complain if you skipped this Tuesday's meeting. We do greatly appreciate the opportunity to present a careful, thoughtful take on the issues. - Pat

Thanks Pat. We were not planning to have a meeting on the 29th but it looks certain (COVID19 notwithstanding) we will start weekly meetings in January.

Could you be ready for January 5th? If not, give me a heads up at least a week ahead of time so I can schedule something else for that date.

No one will tell you what and how to cover the topic. But I will give some advice from my years of doing presentations in an earlier life. Don't overload those present with tons of charts and data, you will lose their attention, no matter how important the subject. Summarize your observations and recommendations on ten to fifteen pages to present to the group. *Talk* in detail to each of your points. Also, anything you produce I can get copied or loaded onto a program for viewing at the meeting. That's strictly up to you.

Lastly, I agree with your COVID19 concerns and was also hoping the Governor would grant a month extension. I will bring it up to his personal representative on the Mohawk Valley Regional COVID19 Control Group which I am a member of.

I need to hear from the members of the group, but I'm certain Jan. 5th will work. I'll let you know ASAP if not. Will you be holding a meeting this Tuesday? If you need any assistance in making the case for a delay for the Governor, you are welcome to quote me, a community member, in favor of the delay. I'm willing to make phone calls, send emails, etc., if that helps.

Have a safe holiday and let's hope for a better 2021.

Yes, Rural Awakening would like to do a presentation on Jan. 5th. Will that meeting be held at 5:00? And will you still be holding a meeting this Tuesday? I looked at the positive test numbers and was shocked to see 20 new cases reported yesterday. Hope you decide to cancel, but I won't be there regardless. Stay safe and let's hope the numbers improve by January. - Pat
