**To All Our Residents:**

2024 is here and COVID is still around, but I hope this newsletter finds everyone well. At this time, we are in the process of installing more insulation in the walls at the Town Hall to rectify the cost of heating. We obtained almost \$100,000 in grants for this project and hope to have it closed out by the end of the year. The Town Board has also adopted a policy for public use of the new community room area. As always, I have high praise for all our highway personnel and our Highway Superintendent as they all do a great job for our town, especially during challenging times. I would also like to thank the Town Board for their attendance at the board meetings. I'm always open for your comments and concerns. If you have any issues, either on the County or Town level, please don't hesitate to call me.

Sincerely, **Philip R. Skowfoe, Jr.**
