- C. Water and sewer and utilities. No person shall dig, trench, or make any connection into a sanitary sewer, stormwater drain or water main which forms a part of the sewer, drainage or water distribution system of the Village without first obtaining a written permit for such opening from the Village of Cobleskill Planning, Environment and Codes Office; nor shall any person dig or trench for the purpose of repairing or burying any underground utility, whether controlled by the Village or some other entity, within the public right-of-way without first obtaining a written permit from the Village of Cobleskill Planning, Environment and Codes Office.

§ 131-7. Application for permit.

Permit applications are to be obtained from the Village of Cobleskill Planning, Environment and Codes Office between the hours of 8:00 a.m. and 3:00 p.m. Monday through Friday. - C. The precise plan where the applicant seeks to dig or excavate or trench, with the distance from the nearest street intersection or from the property abutting the street at the point proposed for excavation. The application must also state the estimated size and purpose of the opening.
- D. The date or dates on which the work will be performed.
- E. The type of pavement or surface to be disturbed.

Such insurance must remain in force throughout the effective period of the permit, as well as any authorized extensions, and shall carry an endorsement to the effect that the insurance company will give at least 10 days' written notice to the Village of any modification or cancellation of any such insurance. If an individual property owner is unable to obtain said certificate of insurance, coverage through the Village of Cobleskill is obtainable for a fee of \$50 if the work has been permitted by the Village of Cobleskill Planning, Environment and Codes Office.
