

The Schoharie Village Police Department, in conjunction with Project ChildSafe, the nationwide firearms safety education program, is distributing free firearms safety kits to local residents. The safety kits include a cable-style gun lock and will be distributed during community events, or you may get the kits at Schoharie Village Offices at 300 Main Street weekdays 9:00am to 3:00pm.

Project ChildSafe, a program developed by the National Shooting Sports Foundation (NSSF), educates community members of safe firearms handling practices and works to reduce firearms accidents in local communities. Project ChildSafe has distributed more than 37 million firearm safety kits throughout the country since 2003.
